

# STAGE 1 - 29 ROUNDS

**SHOOT TARGETS WITH 90 DEGREE CORNERS TWICE  
SHOOT ALL OTHER TARGETS ONCE**

Blue targets are numbered 1 through 4, left to right

Shoot blue target 1, shoot white targets

Shoot blue target 2, shoot white targets

Shoot blue target 3, shoot white targets

Shoot blue target 4, shoot white targets, shoot orange target

*PISTOL SHOOTERS MUST RELOAD ONCE DURING THIS STAGE*

## **TEARDOWN**

Move targets and stands near the berm, behind the shooting box.

Place rectangular plates together and round plates together.

---

Pistol shooters start with wrists below their belt.

PCC shooters start with their muzzle downrange and buttstock touching belt.

Safety may be off, finger must be outside trigger guard.

If you miss a target in an array, you may not make it up after you hit a target in a different colored array.

Hits on reactive targets that do not fall count. Shooters may request a reshoot after the target is recalibrated.

Shooters have 60 seconds to complete this stage and must stop shooting after the second beep of the timer.

# STAGE 2 - 29 ROUNDS

**SHOOT TARGETS WITH 90 DEGREE CORNERS TWICE  
SHOOT ALL OTHER TARGETS ONCE**

Shoot red targets, shoot white targets, shoot blue targets, shoot orange targets

*PISTOL SHOOTERS MUST RELOAD ONCE DURING THIS STAGE*
