"What's Happening At Our Range?"

Spring 2026

Presidents Notes-Arlan Averyt

We are currently in a election cycle for board members to help us run the range. Be sure to cast your vote if you haven't done so already. Our annual meeting will be held at the range on April 11 at 1:30 PM. All are encouraged to attend.

New member orientation for the 2025-26 membership year has now been completed with the addition of 37 new members. Prescott Action Shooters welcomes the new club members to the various competitive shooting disciplines. The range and club were specifically built for competitive shooting and we should all take advantage of these activities. All members are encouraged to participate in the club's activities as well as use the range facilities for individual practice.

Rangemaster Comments-Kelly Frank

The brass collection on the bays seems to be working fine so far we have collected and recycled \$2,654.00 worth of brass, this money is set aside to help Junior Shooters with travel & match expenses. Please if you are shooting aluminum brass, pick it up and throw it away it's hard to sort out from the brass & steel.

Help is needed on Mondays for range clean-up, if you can spare a few hours on a Monday mornings your help pulling staples from the target sticks and general cleanup would be most welcome, the crew works from 9:00 AM till about noon.

Help will also be needed on Tuesday May 19th after the conclusion of the NAZC, it's all hands on deck to return the range back to it's normal operation for our monthly matches.

2026 NAZC-Northern Arizona Classic

On May 14-17 our club will host the 18th annual Northern Arizona Classic (NAZC). Over 300 shooters from around the world will participate in this level 2 USPSA match. Almost 100 club members volunteered building stages, getting the range ready for the event, and helping shooters during the match. The club members make this event one of the most looked forward shooting events in the USA. This match is so popular it sells out in 5 minutes.

This match benefits all club members by bringing in match fees from competitors and sponsors. These fees and sponsorships bring improvements and necessary maintenance to our range. If you are interested in seeing how the club works this would be a great event for you to get involved. Frank Barbaro-NAZC Match Director

Want To Try Something New?

A new match PCSL (Practical Competition Shooting League) is underway on the second Sunday each month. The Bill Greenland is the match director. Here is a link to the PCSL site: <https://www.pcsleague.us>

Rifle Bay Dedication

As Since 2014 Jess Pilcher along with his wife Terry have worked hard to bring competitive shooting to our rifle bay. As you know we have a nice cement pad to shoot from and measured distances out to about 230 yards. Silhouette, Bullseye and other matches are shot on the rifle bay monthly. Jess & Terry had a lot to do with the development of the rifle bay. The benchrest silhouette match has brought more of our "seasoned" shooters back to the shooting game.

The rifle bay was marked on September 6 2025 to honor Jess & Terry.

2026 End of Trail: World Championship of Cowboy Action Shooting

The match was held at Ben Avery Shooting Range from February 23-28, 2026. There were 45 states and 10 foreign countries represented about 700 shooters, here are the results from some of our local competitors:
